The corresponding author hereby certifies that (s)he has the right to grant the licenses mentioned below.

The author hereby authorizes the editors and Schloss Dagstuhl to organize the publication of the artifact and the artifact description in an issue of DARTS – Dagstuhl Artifacts Series in electronic and printed form. The publication of the artifact description will be protected by the Creative Commons Attribution 3.0 Unported license (CC-BY 3.0). For details, see <http://creativecommons.org/licenses/by/3.0/>. In brief, this license authorizes each and everybody to share (to copy, distribute and transmit) the work under the following conditions, without impairing or restricting the authors' moral rights:

- *Attribution:* The work must be attributed to its authors.

The publication of the artifact will be protected by a license as specified by the authors in the artifact description. The artifact descriptions and artifacts are published OpenAccess in electronic form as an issue in the series *DARTS – Dagstuhl Artifacts Series* (ISSN 2509-8195) that is maintained by *Schloss Dagstuhl – Leibniz-Zentrum für Informatik GmbH*, Germany; see <http://www.dagstuhl.de/darts>.

The author hereby grants to *Schloss Dagstuhl – Leibniz-Zentrum für Informatik GmbH*

- the non-exclusive license to archive and make accessible (online and free of charge) for the public the contribution, along with any associated metadata provided,
- to edit the contribution especially with regard to typesetting and language for reaching established publication standards,
- to notify digital archive systems thereof, and
- to convert the contribution for the purpose of archiving.

The author warrants that this publication (both the artifact evaluation description and the artifact) will not infringe any rights of third parties. The author retains all rights to use in future works all or parts of the contribution.

To support the editors and Schloss Dagstuhl in preparing the proceedings, the author hereby agrees to provide all source material (LaTeX files, graphics, ...) as well as detailed meta data (full names of the authors, title of the contribution, contact author, e-mail address of the contact author, keywords, classification (ACM 2012), and abstract of the contribution).
